

HARLSON MARK F GARDOSE

Maysan, Valenzuela City, Metro Manila | +63 946 4657710 | harlsongardose4@gmail.com

Detail-oriented Information Technology student with a strong foundation in UI/UX design, technical documentation, and project coordination. Proficient in translating complex system requirements, organizational data, and architectural topologies into intuitive user interfaces and structured administrative assets. Eager to apply hybrid technical and creative competencies in a professional corporate environment.

EDUCATION

PAMANTASAN NG LUNGSOD NG VALENZUELA (PLV) - Bachelor of Science in Information Technology - Academic Standing: Consistent Dean's Lister (First Year to Present)	2023 – Present
OUR LADY OF FATIMA UNIVERSITY – VALENZUELA CAMPUS - Senior High School – Accountancy, Business and Management (ABM) Strand - Academic Standing: Graduated With High Honor (Consistent GWA: 95–97) - Key Awards: Academic Excellence Awardee - Second Honor	2021 – 2023

CORE KNOWLEDGE & SKILLSETS

UI/UX & Creative Design: User Interface Design, User Experience Research, Wireframing, High-Fidelity Prototyping, Component Libraries, Style Guides

Technical & Infrastructure: Infrastructure Layout Diagrams, Network Topology Mapping, Software Requirement Specifications (SRS), Technical Report Writing

Design & Documentation Tools: Figma, Microsoft Visio, Canva, Adobe Photoshop, Adobe Illustrator, MS Office (Word, Excel, PowerPoint)

FEATURED PROJECT EXPERIENCE

Project: AGOS (Overflow Surveillance System) <i>Lead UI/UX Designer & Technical Documentation Support Capstone</i> - Designed high-fidelity prototypes and responsive web interfaces for LGU admin dashboards and public monitoring screens using Figma. - Curated and annotated a comprehensive dataset of 5,000 images to train a YOLOv8 object detection model for waterway blockage classification. - Led stakeholder surveys and community data-gathering in Barangay Maysan, Valenzuela City, ensuring user-centric system requirements. - Managed project documentation, hardware component logs, and technical operational data sheets in MS Office.	2025 – Present
Viu Client Satisfaction Survey & Admin Dashboard <i>Lead Web UI/UX Designer Academic Requirement</i> - Created minimalist, multi-stage digital forms designed to increase user response rates and minimize survey completion fatigue. - Designed data-dense admin dashboards featuring responsive widgets, custom navigation panels, and visual telemetry charts for system metrics. - Aligned user interface elements with specific target user personas to optimize data flow and navigation architecture.	2025
Encantado: A New Generation of Sang'gres (2D Fighting Game) <i>Game UI Designer & Asset Creator GameCon Project</i> - Developed theme-driven Game User Interface (GUI) asset structures, interactive HUD overlays, and in-game navigation menus. - Designed operational interface elements, including real-time health/mana bars, multi-state selection panels, and character selection frames. - Ensured strict asset alignment and visual consistency across varying screen resolutions.	2025

PROFESSIONAL SOFT SKILLS

Cross-functional Collaboration: Experienced in working directly with front-end and back-end developers, team members, and external stakeholders to execute unified visual project goals on time.

Design-to-Development Communication: Skilled in conveying technical design system specifications clearly through interactive prototypes, step-by-step layout presentations, and comprehensive visual style guides.

Attention to Detail: Consistently produces accurate, well-balanced layouts, responsive grid behaviors, and organized typography hierarchies across digital and print canvas frames.

Adaptability & Continuous Learning: Proven capacity to maintain high academic standing while rapidly absorbing new creative frameworks, interface tools, and workflow systems across diverse project environments.

VOLUNTEER EXPERIENCE

Valenzuela Information Technology Society (VITS) <i>Creative Committee Member & Official Department Event Host Student Organization</i> - Served as the designated master of ceremonies and primary host for 6+ high-attendance organizational assemblies, culminating in the major ITlympics Culminating Activity. - Formulated high-impact digital graphics, photostrips, community flyers, and formal achievement certificates. - Coordinated with organization directors to maintain unified visual brand assets across organizational channels.	2024– Present
"Learn to Master Canva" Technical Workshop Initiative <i>Committee Member & Student Facilitator Skills Drive</i> - Practical layout trainer, teaching foundational layout distribution rules and aesthetic principles to workshop attendees. - Managed student workspace assets and setup parameters to guarantee a seamless and productive creative learning experience for all participants.	2024

SEMINARS & PROFESSIONAL DEVELOPMENT

- Strategic Project Management: Aligning Projects with Goals - AI-Powered Learning: Revolutionizing 21st Century Education - Press Start to Level Up: Best Practices in Game Testing - Deep Impact: The Impact of AI on Web Development	- Securing Connections: Cybersecurity & Network Operations - Launch Your Tech Career: Full Stack Web Developer - That IT Thing is Called Multimedia
